**DETAILED ACTION**

1. Claims 1-17 are presented for examination.

***Election/Restriction***

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I: Claims 1-9 and 17, drawn to a method and apparatus for encoding and decoding transaction objects into and from electronic messages, classified in Class 707, subclass 102.

Group II: Claims 10-16, drawn to a method for exchanging transactions between a service provider and a consumer in a distributed computer system, classified in Class 707, subclass 10.
3. The inventions are distinct from each other because of the following reasons:
  - a. These inventions have acquired a separate status in the art as shown by the different classification. Group I has required a search classified in Class 707, subclasses 102, and the invention in Group II has required a search classified in Class 707, subclass 10. These inventions have acquired a separate status in the art as shown by the different classification and the search required for one group is not required for the other group.
  - b. Inventions Group I and Group II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, the invention Group I has separate utility such

as encoding and decoding transaction objects into and from electronic messages compared to the invention of Group II such as exchanging transactions between a service provider and a consumer in a distributed computer system. See M.P.E.P. § 806.05(d).

For the reasons above restriction for examination purposes as indicated is proper.

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).
